### 3. Procedures in case of breach of regulations

In the event of a breach of the camper's code, depending on the severity of the situation and repeated offences, the following shall apply:

- a) The camper is verbally warned by the monitor. The parent is notified verbally at the end of the day by a staff member of Chêne Bleu day camp.
- b) The child is temporarily removed from all activities. The parent is notified verbally at the end of the day by a member of the camp staff.
- c) The child is suspended for a day, as per the camp coordinator and the parent is notified verbally by the camp manager. Verbal and written notice is issued to the parent notifying him that a recurrence led to the expulsion cited above. No refund for the suspended day will be issued.
- d) The child is excluded from all camps offered by Centre Plein Air Fatima during the summer in progress. The Coordinator will notify the parent verbally and in writing. In this case, the refund will be issued based on the number of days used, less the registration fee.

A child who is unable to participate in Chêne Bleu day camp activities without complying with the rules mentioned above may therefore be expelled in the best interests of the day camps and other Chêne Bleu campers.

### 4. Children with special needs

Parents have the obligation to inform the administration camp if their child has special needs. The customer must understand that hyperactive children having behavioral problems, speech disorders, or other conditions preventing them from functioning in a regular group, must be adequately supervised.

This is the reason Centre Plein Air Fatima and Chêne-Bleu day camp in regards to these children has the Arc-en-ciel program that can meet certain needs of parents who request it. *This program is offered at the Centre Plein Air Fatima day camp site only.*
